

# GLÜHWEIN

## STAY WARM

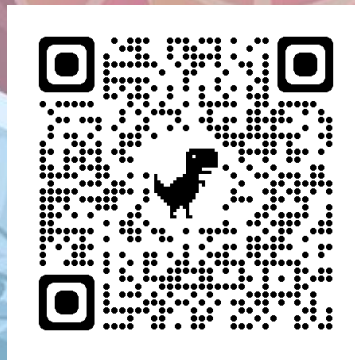

The Glühwein, or mulled wine in English, is one of the traditional Austrian Advent and Christmas drinks. You will find it at any Christmas market, or as we call them: Christkindlmarkt.

Basically, it is any type of wine, and you heat it with sugar and lots of warming spices and “christmasy” aromas, like cinnamon, cloves, orange zest, etc. It is delicious!

Of course, you can make this merry drink also non-alcoholic by simply replacing the wine with any type of fruit juice you like. This is a great alternative for children or if you’re driving or just not in the mood to be drinking alcohol.

It really is the best drink for the holidays, and it just tastes good and warms you in this chilly season.

Check out the YouTube video for a nice recipe!
